

Comparing the Kingdoms

Using the previous information about the 5 kingdoms and any other resources that you can find, complete the following activity.

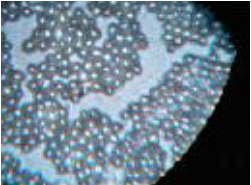

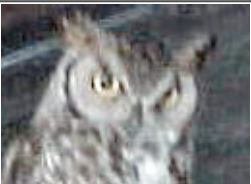

The names of 20 organisms are listed along with a picture of the organism and the generalized cell drawing of an organism in that kingdom.

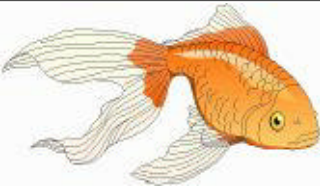

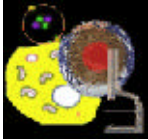

In the next to last column at the right of each organism, tell what kingdom the organism is classified into.

In the last column write at least one characteristic that places the organism into its kingdom (Monera, Protista, Fungi, Plantae, or Animalia).

Organism	Picture	Generalized cell drawing	Kingdom	Characteristic
hamster				
amoeba				
rose				
mushroom				
urchins				
human
